3Com® Telephone Labels

One Set of Labels for Each Telephone Type

1. To change the labels, click in any label box, type the new text, and then press **Tab** to move to the next field.

2. When you have finished editing the labels, click anywhere outside the labels to ensure that all of your edits take effect.

3. To print the labels, click the **Print** button. In the Print dialog box, clear the checkbox for Fit to Page, Shrink to Fit, or any similar choice so that the label size does not change when you print, and then click **OK.**

   Note: SA1, SA2, and SA3 are System Appearance buttons. That is, calls to your telephone extension appear on these buttons, beginning with SA1.
